Owner: Zeeland Board of Public Works

Contact Person Name/Phone: Mr. David Walters, BPW General Manager  
(616) 772-6212

Location of Project: City of Zeeland

Date of Completion: 1995

Dollar Value: \$500,000

Project Team: John E. Racek, P.E., Project Manager

Project Description: The Carlton Booster Pump Station serves an industrial high pressure district on the northeast side of the City of Zeeland and Zeeland Township. The pump station included two 2,500 gpm, 100 HP pumps, pressure relief valve, flow metering instrument panel with radio telemetry. The pump station was designed for a portable emergency generator and for the addition of a future third pump.
