

Name of Project: **Grand Rapids Press Production Facility**

Owner: Grand Rapids Press

Contact Person: Bob Pierce  
Operations Director  
(616) 222-5402

Location of Project: City of Walker, Kent County,  
Michigan

Date of Completion: August 2004

Dollar Value: \$1,500,000 - Site Work

Project Team: Joseph D. Camp, P.E., Project Manager  
Zach Voogt, P.E., Project Engineer  
Mark DeVries, ASLA, Landscape  
Architect

**Description of Project:**

Moore & Bruggink, Inc., was the Site Civil Engineer for this fast track project to construct a printing and distribution center for the Grands Rapids Press newspaper. Initial challenges involved gaining site plan approval, on the owner's behalf, from the City of Walker. Due to seasonal concerns, a mass grading package that preceded the building design was prepared, bid and completed on time despite a very tight schedule. The on site work package included final grading, paving, public watermain and sanitary sewer as well as landscaping and irrigation design. Site plan approval and site engineering services were also provided for the Fleet Vehicle Maintenance

Building on site. Moore & Bruggink's coordination with the City of Walker, the City of Grand Rapids and the Michigan Department of Environmental Quality was an essential element in the successful completion of this extensive project.
