

Crahen Valley Park Pathway

Owner: Grand Rapids Township

Contact Person: Michael DeVries,
Supervisor

Grand Rapids Township
(616) 361-7391

Location of Project: Grand Rapids
Township,
Kent County, Michigan

Completion Date: June 2014

Actual Construction Cost: \$73,000

Project Team:

Robert Bruggink, P.E., Principal in Charge
Timothy J. Hoffert, P.E., Project Manager
Steve Green, P.S., Chief Surveyor
Greg White, Construction Inspector
Matt Kozak, CAD Technician
Fen View Design LLC, Landscape Architect

Project Description:

Moore & Bruggink completed design and construction engineering, inspection, and survey. This project included construction of a 12' wide, 700' long non-motorized trail that leads to a bluff top seating area consisting of modular retaining wall blocks, landscaping, and benches. Selective tree trimming near the seating area opened up majestic views of spanning over 5 miles and several townships. This project was the first phase of a much larger park development project planned for the future that will provide ADA access to the 200 acre site. The township worked with a shop class at a local high school to construct the 5 benches placed throughout the project. This project was funded with local funds and funds from the CDBG program.
