

## Grand Rapids Veterans Affairs Clinic

**Owner:** US Federal Properties Company

**Contact Person:** Mr. Rick Baier, Principal  
(816) 285-9552

**Location of Project:** Wyoming,  
Kent County, Michigan

**Completion Date:** Fall 2014

**Estimated Construction Cost:** \$27,000,000

**Project Team:**

Joseph D. Camp, P.E., Site Civil Engineer  
Zach Voogt, P.E., Project Engineer

**Project Description:**

Moore & Bruggink provided the project site survey and site civil engineering teamed with Hoefler Wysocki Architects, Kansas City, for this build-to-lease 120,000 sft outpatient clinic development by the US Federal Properties Company for the Department of Veterans Affairs. This state of the art medical facility is designed to serve veterans regionally for decades to come. Site utilities included a stormwater system designed to connect to regional stormwater management ponds and municipal water and sanitary sewer on a two level building site. Site design meets the more stringent VA grade and accessibility standards. The facility qualifies for a Silver Level LEED certification.
