Project Description: The White Pine Trail Connector on North Park Street is a critical link between the White Pine Trail system that extends to Montague and the trail system in the City of Grand Rapids that follows the east side of the Grand River. This section of trail included crossing an active railroad, U.S. Highway 131, and York Creek. ISTE A and local funds were used to pay for the project and coordination with MDOT, CSX Railroad, Kent County Parks and the City of Walker was required for the success of this project.
